

Biography

GARY ENGLEHART
Director of Operations Support

As Director of Operations Support, Gary Englehart oversees all matters involving the operations and management of GPO's facilities and engineering departments.

Biography

Englehart is a 35-year veteran of the GPO where he has worked with the Facilities Division in various capacities. In the 1990s, Englehart contributed to the agency's transition to automated procedures while working in the Planning and Scheduling branch and was responsible for planning, estimating, and scheduling projects. He implemented the Computer Maintenance Management System, an automatic system for processing all work requests and work orders. Englehart became Building Manager in 2005 where he worked with all divisions of GPO to coordinate major projects to support production and maintain over 1.5 million square feet of space within the agency.

Englehart started his career with the federal government in 1972 at the Department of the Navy at the Naval Research Laboratory. He came to GPO in 1975 where he started as a machinist and has progressed to his current position.
